This document provides an unranked list of Ph.D. and terminal M.A. programs with strengths in philosophy of biology. Links are provided to the websites, CVs, and PhilPapers profiles of the relevant faculty at each program.

The list is based on the [PhilBio.net wiki](#), which anyone can edit. Please help make this list more complete by visiting the wiki and contributing. Updates will be incorporated into this document.

1 Australasia Ph.D. Programs

http://philbio.net/index.php/Australasia_Ph.D._Programs

All programs reside in philosophy departments, unless otherwise specified.

1.1 Australian National University [[website](#)]

- Kim Sterelny // [website](#), [PhilPapers](#)
 - Specialties: Philosophy of Biology, Evolution, Philosophy of Psychology and Philosophy of Mind (via website)

1.2 Macquarie University [[website](#)]

- Rachael Brown // [website](#) 1, 2, [PhilPapers](#)
 - Specialties: The evolution of cognition and behaviour; the relationship between evolutionary developmental biology and the Neo-Darwinian Synthesis; model-based reasoning in biology and philosophy; and methodological issues in the study of animal behaviour and cognition (via website)
- Karola Stotz // [website](#), [PhilPapers](#)
 - Specialties: Evolutionary, developmental and molecular biology, psychobiology and cognition (via website)

1.3 University of Otago (New Zealand) [[website](#)]

- James Maclaurin // [website](#), [PhilPapers](#)
 - Specialties: Philosophy of Biology, including innateness, fitness, theoretical morphology, biological diversity and universal darwinism (via website)

1.4 University of Sydney [[website](#)]

- David Braddon-Mitchell // [website](#), [PhilPapers](#)
 - Specialties: Philosophy of Mind and metaphysics, and cross borders into philosophy of science, philosophy of biology, ethics and political philosophy from time to time (via website)
- Paul Griffiths // [website](#) 1, 2, [PhilPapers](#)
 - Specialties: Causal foundations of biological information; evolutionary medicine; innateness and human nature; concept of the gene; developmental systems theory (via website)

1.5 Waikato University (New Zealand) [[website](#)]

- Justine Kingsbury // [website](#), [PhilPapers](#)
 - Specialties: Philosophy of mind; philosophy of biology; critical thinking; aesthetics (especially philosophy of music) (via website)

2 Canada Ph.D. Programs

http://philbio.net/index.php/Canada_Ph.D._Programs

All programs reside in philosophy departments, unless otherwise specified.

2.1 University of Alberta [[website](#)]

- Ingo Brigandt // [website](#), [CV](#), [PhilPapers](#)
 - Specialties: Evolutionary developmental biology, molecular biology, systems biology, science and values
 - Willing to work with new students? Yes
- Robert A. Wilson // [website](#), [CV](#), [PhilPapers](#)
 - Specialties: Eugenics, disability, and reproductive technology, species and natural kinds, levels of selection, group-level cognition and collective intentionality, the nature of biological individuals and organisms, kinship, intersections between biology, mind, and sociality.
 - Willing to work with new students? Yes

2.2 University of British Columbia [[website](#)]

- John Beatty // [website 1, 2](#), [CV](#), [PhilPapers](#)
 - Specialties: Theoretical foundations, methodology, and socio-political dimensions of genetics and evolutionary biology (via website)
- Margaret Schabas // [website 1, 2](#), [CV](#), [PhilPapers](#)
 - Specialties: Overlap of biology and economics and the formation of bioeconomics (via website)
- Christopher Stephens // [website 1, 2](#), [CV](#), [PhilPapers](#)
 - Specialties: Conceptual foundations of evolutionary theory, causation, the nature of evidence in evolutionary biology, reciprocal altruism, phylogenetic inference, and on models of the evolution of rationality (via website)

2.3 University of Calgary [[website](#)]

- Megan Delehanty // [website](#), [PhilPapers](#)
 - Specialties: Models, explanation, causation (via PhilPapers entries)
- Marc Ereshefsky // [website 1, 2](#), [CV](#), [PhilPapers](#)
 - Specialties: Species; Natural Kinds; Scientific Classification; Biological Individuality; Homology; Historicity; Microbiology (via website)
- C. Kenneth Waters // [website](#), [CV](#), [PhilPapers](#)
 - Specialties: Causation, explanation, molecular biology, genetics, pluralism (via PhilPapers entries)

2.4 University of Toronto [[website](#)]

- Ronald de Sousa (emeritus) // [website 1, 2](#), [PhilPapers](#)
- Mohan Matthen // [website 1, 2](#), [PhilPapers](#)
 - Specialties: Philosophy of mind, especially perception, philosophy of biology, natural selection (via [PhilPapers profile](#))
- Paul Thompson // [website 1, 2](#), [CV](#), [PhilPapers](#)
 - Specialties: Evolutionary theory, population genetics, mathematical modelling in biology, theory structure in biology, philosophy of medicine, and ethics (via [website](#))
- Denis Walsh // [website](#), [PhilPapers](#)
 - Specialties: Models, mechanisms, fitness, causation (via [PhilPapers entries](#))

2.5 University of Waterloo [[website](#)]

- Carla Fehr // [website 1, 2](#), [CV](#), [PhilPapers](#)
 - Specialties: Philosophy of biology, Feminist Epistemology and Philosophy of Science, Feminist Science Studies, Philosophy of Science, evolution (via [website](#))
- Katie Plaisance // [website](#), [PhilPapers](#)
 - Specialties: Philosophy of biology, Philosophical issues in the human behavioral sciences, public understanding of science, interactional expertise, and Socially Relevant Philosophy Of Science
- Paul Thagard // [website 1, 2](#), [PhilPapers](#)
 - Specialties: Philosophy of science and medicine, cognitive science, philosophy of mind. Specific topics include analogy, coherence, decision making, conceptual change, explanatory reasoning, theoretical neuroscience, discovery and innovation, emotions and consciousness, moral psychology, and theories and explanations in biomedicine (via [website](#))

2.6 University of Western Ontario [[website](#)]

- Gillian Barker // [website](#), [PhilPapers](#)
- Eric Desjardins // [website](#), [PhilPapers](#)
 - Specialties: Philosophy of Science, Philosophy of Biology, Environmental Philosophy and Bioethics (via [website](#))
- Devin Henry // [website](#), [PhilPapers](#)
 - Specialties: Ancient Philosophy, History & Philosophy of Science (esp. Philosophy of Biology) (via [website](#))

3 United Kingdom Ph.D. Programs

http://philbio.net/index.php/United_Kingdom_Ph.D._Programs

All programs reside in philosophy departments, unless otherwise specified.

3.1 Birkbeck, University of London [[website](#)]

- Robert Northcott // [website](#) 1, 2, [PhilPapers](#)
 - Specialties: Philosophy of science, and especially the ‘special sciences’ such as biology and economics; metaphysics, especially the notions of causation and causal explanation; analysis of use of statistical techniques to measure causation, the place of causal explanation in evolutionary theory; role played by formal theory in economics (via [website](#))

3.2 University of Bristol [[website](#)]

- Samir Okasha // [website](#), [PhilPapers](#)
 - Specialities: evolutionary theory, levels of selection, population genetics, social evolution, rational choice
 - Willing to work with new students? Yes

3.3 University of Cambridge (History and Philosophy of Science) [[website](#)]

- Tim Lewens // [website](#), [PhilPapers](#)
 - Specialties: Philosophy of biology, philosophy of science, philosophical bioethics

3.4 University of Exeter (Sociology, Philosophy and Anthropology) [[website](#)]

- John Dupre // [website](#), [CV](#), [PhilPapers](#)
 - Specialties: Particular interests include: biological classification, the relation of technical to everyday biological kinds and to traditional problems of essentialism; adaptationism and optimality; reductionism; indeterministic accounts of causality; evolution and the limitations of evolutionary psychology; and the biological basis of sex and gender. Also worked for several years on issues in the philosophy of economics (via [website](#))
- Sabina Leonelli // [website](#), [PhilPapers](#)
 - Specialties: Data-Intensive Science and Practices of Data Sharing and Re-Use; Open Science and Open Data; The Regulatory Role and Epistemic Impact of Bioinformatics in Biology and Biomedicine; Bio-Ontologies; History and Epistemic Status of Model Organism Research; History, Philosophy and Sociology of Plant Biology; The Role of Embodied Knowledge and Skills in Scientific Understanding; Abstraction and Modelling Processes in Biology; Distributed Cognition and Division of Scientific Labor; Unity, Disunity and Integration in Science: Early American Pragmatism; Science Policy and the Globalisation and Political Economy of Scientific Research (via [website](#))
- Staffan Muller-Wille // [website](#), [PhilPapers](#)
 - Specialties: History and philosophy of systematics; history of heredity; history of race and kinship (via [website](#))

3.5 King's College London [[website](#)]

- Matteo Mameli // [website](#), [PhilPapers](#)
- Nick Shea // [website](#), [PhilPapers](#)

3.6 Lancaster University (Politics, Philosophy and Religion) [[website](#)]

- Brian Garvey // [website](#), [PhilPapers](#)

3.7 University of Leeds [[website](#)]

- Gregory Radick // [website 1](#), [2](#), [PhilPapers](#)

3.8 London School of Economics (Philosophy, Logic and Scientific Method) [[website](#)]

- Jonathan Birch // [website](#), [PhilPapers](#)
 - Specialities: Natural selection, evolution of social behaviour, evolutionary transitions, human evolution.
 - Willing to work with new students? Yes

3.9 University College London (Science and Technology Studies) [[website](#)]

- Phyllis Illari // [website](#), [PhilPapers](#)

3.10 University of Oxford [[website](#)]

- Ellen Clarke // [website 1](#), [2](#), [PhilPapers](#)
 - Specialities: Biological Individuality, Evolutionary Transitions, evolution of cooperation, natural selection, Philosophy of biology, philosophy of science

4 United States Ph.D. Programs

http://philbio.net/index.php/United_States_Ph.D._Programs

All programs reside in philosophy departments, unless otherwise specified.

4.1 Arizona State University (Center for Biology and Society) [[website](#)]

- Manfred Laubichler // [website](#), [CV](#), [PhilPapers](#)
- Jane Maienschein // [website](#), [CV](#), [PhilPapers](#)
- Jason Scott Robert // [website](#), [CV](#)

4.2 Boston University [[website](#)]

- Tian Yu Cao // [website](#), [PhilPapers](#)
- Russell Powell // [website](#), [CV](#), [PhilPapers](#)

4.3 Carnegie Mellon University [[website](#)]

- Kevin J.S. Zollman // [website](#), [CV](#), [PhilPapers](#)

4.4 City University of New York Graduate Center [[website](#)]

- Peter Godfrey-Smith // [website](#) [1](#), [2](#), [CV](#), [PhilPapers](#)
- Massimo Pigliucci // [website](#) [1](#), [2](#), [PhilPapers](#)
- Thomas Teufel // [website](#), [PhilPapers](#)

4.5 Columbia University [[website](#)]

- Philip Kitcher¹ // [website](#) [1](#), [2](#), [CV](#), [PhilPapers](#)

4.6 Duke University [[website](#)]

- Robert N. Brandon // [website](#) [CV](#), [PhilPapers](#)
- Alexander Rosenberg // [website](#) [1](#), [2](#), [CV](#), [PhilPapers](#)
- Karen Neander // [website](#), [PhilPapers](#)
- Dan McShea // [website](#) [1](#), [2](#), [PhilPapers](#)

4.7 Florida State University [[website](#)]

- James Justus // [website](#), [CV](#), [PhilPapers](#)
- Michael Ruse // [website](#), [CV](#), [PhilPapers](#)

4.8 Indiana University (History and Philosophy of Science) [[website](#)]

- Colin Allen // [website](#) [1](#), [2](#), [CV](#), [PhilPapers](#)
- Sander Gliboff // [website](#), [PhilPapers](#)
- Elisabeth Lloyd // [website](#) [1](#), [2](#), [CV](#), [PhilPapers](#)

¹Though he does not list philosophy of biology as a current AOS, Kitcher writes on his faculty profile page—accessed 2014-11-18—that he is willing to work with philosophy of biology graduate students.

4.9 Michigan State University [[website](#)]

- Fred Gifford // [website](#), [PhilPapers](#)
- Robert T. Pennock // [website](#), [PhilPapers](#)
- Sean Valles // [website](#), [PhilPapers](#)

4.10 Stanford University [[website](#)]

- Helen Longino // [website](#), [CV](#), [PhilPapers](#)
- Brian Skyrms (1/3 time appointment; at Stanford every Spring) // [website](#), [CV](#), [PhilPapers](#)

4.11 Texas A&M University [[website](#)]

- Roger Sansom // [website](#), [CV](#), [PhilPapers](#)

4.12 University of California, Davis [[website](#)]

- James R. Griesemer // [website](#) [1](#), [2](#), [3](#), [CV](#), [PhilPapers](#)
 - Specialties: Evolutionary biology, genetics, developmental biology, ecology and systematics
 - Willing to work with new students? Yes
- Roberta L. Millstein // [website](#) [1](#), [2](#), [3](#), [CV](#), [PhilPapers](#)
 - Specialties: History and philosophy of evolutionary biology and ecology, causation, chance, environmental ethics
 - Willing to work with new students? Yes

4.13 University of California, Irvine (Logic and Philosophy of Science) [[website](#)]

- Simon Huttegger // [website](#), [CV](#), [PhilPapers](#)
- Cailin O'Connor // [website](#), [CV](#), [PhilPapers](#)
- P. Kyle Stanford // [website](#), [CV](#), [PhilPapers](#)
- Brian Skyrms // [website](#), [CV](#), [PhilPapers](#)

4.14 University of California, San Diego [[website](#)]

- William Bechtel // [website](#), [PhilPapers](#)

4.15 University of California, Santa Cruz [[website](#)]

- Rasmus Grnfeldt Winther // [website](#) [1](#), [2](#), [PhilPapers](#)
 - Willing to work with new students? Yes

4.16 University of Chicago (Conceptual and Historical Studies of Science) [[website](#)]

- Robert J. Richards // [website](#), [PhilPapers](#)
- William C. Wimsatt (emeritus) // [website](#), [CV](#), [PhilPapers](#)
- Karl Matlin // [website](#)
- David Jablonski (has been on CHSS dissertation committees) // [website](#)

4.17 University of Cincinnati [[website](#)]

- Tony Chemero // [website](#), [PhilPapers](#)
 - Specialties: neuroscience, ecological psychology, artificial life, dynamical systems and complex systems, cognitive science
 - Willing to work with new students? Yes
- Valerie Hardcastle // [website](#), [PhilPapers](#)
 - Specialties: neurobiology, neuropsychiatry and the law, embodied cognition
 - Willing to work with new students? Yes
- Koffi N. Maglo // [website](#), [PhilPapers](#)
 - Specialties: philosophy of biomedicine, genomics and race, race-based medicine, bioethics
 - Willing to work with new students? Yes
- Thomas W. Polger // [website](#) 1, 2, [CV](#), [PhilPapers](#)
 - Specialties: multiple realization and realization; explanation in life, brain, and cognitive sciences; role of evolutionary theory in thinking about minds and consciousness; neuroscience and cognitive sciences
 - Willing to work with new students? Yes
- Angela Potochnik // [website](#) 1, 2, [CV](#), [PhilPapers](#)
 - Specialties: methodology of population biology, behavioral ecology, explanation, idealization, socially engaged philosophy of science, logical empiricism
 - Willing to work with new students? Yes
- Robert C. Richardson // [website](#), [PhilPapers](#)
 - Specialties: evolutionary theory, developmental biology, cognitive science, theory change
 - Willing to work with new students? Yes
- Robert A. Skipper, Jr. // [website](#) 1, 2, [PhilPapers](#)
 - Specialties: history of evolutionary genetics, evolutionary genetics, obesity science, controversies, explanation, socially engaged philosophy of science
 - Willing to work with new students? Yes

4.18 University of Kansas [[website](#)]

- Armin Schulz // [website](#), [CV](#), [PhilPapers](#)

4.19 University of Maryland, College Park [[website](#)]

- Lindley Darden // [website](#) 1, 2, [CV](#), [PhilPapers](#)
- Erin Eaker // [website](#), [CV](#)
- Aidan Lyon // [website](#) 1, 2, [CV](#), [PhilPapers](#)

4.20 University of Minnesota, Twin Cities [[website](#)]

- Alan C. Love // [website 1, 2](#), [CV](#), [PhilPapers](#)
 - Specialties: History and philosophy of evolutionary developmental biology, evolutionary theory, developmental biology, functional morphology, conceptual change, explanatory pluralism, reductionism, the nature of historical science, interdisciplinary epistemology, and the structure of scientific problems
 - Willing to work with new students? Yes
- William C. Wimsatt (part-time appointment, Fall semesters) // [website](#), [PhilPapers](#)
 - Specialties: history and philosophy of biology, cultural evolution, evolutionary developmental biology, complex systems
 - Willing to work with new students? Yes

4.21 University of Missouri [[website](#)]

- Andre Ariew // [website 1, 2](#), [CV](#), [PhilPapers](#)

4.22 University of Notre Dame [[website](#)]

- Grant Ramsey // [website 1, 2](#), [PhilPapers](#)

4.23 University of Pennsylvania [[website](#)]

- Cristina Bicchieri // [website](#), [CV](#), [PhilPapers](#)
 - Specialties: evolutionary game theory, evolution of social norms
- Karen Detlefsen // [website](#), [CV](#), [PhilPapers](#)
 - Specialties: history of philosophy of biology
- Gary Hatfield // [website](#), [CV](#), [PhilPapers](#)
 - Specialties: history of philosophy of biology, perception, neuroscience and psychology
- Quayshawn Spencer (starts Spring 2015; currently at USF) // [website 1, 2](#), [CV](#), [PhilPapers](#)
 - Specialties: population genetics, phylogenetics, biology and race
- Michael Weisberg // [website 1, 2](#), [CV](#), [PhilPapers](#)
 - Specialties: tradeoffs and Idealization in modeling, agent-based models in evolution and ecology, origin of life, biology and race

4.24 University of Pittsburgh (History and Philosophy of Science) [[website](#)]

- Mazviita Chirimuuta // [website](#), [CV](#), [PhilPapers](#)
- James G. Lennox // [website](#), [CV](#), [PhilPapers](#)
- Peter Machamer // [website](#), [CV](#), [PhilPapers](#)
- Edouard Machery // [website](#), [CV](#), [PhilPapers](#)
- Sandra Mitchell // [website 1, 2](#), [PhilPapers](#)
- Kenneth F. Schaffner // [website 1, 2](#), [PhilPapers](#)
- James Woodward // [website](#), [PhilPapers](#)

4.25 University of Texas at Austin [[website](#)]

- Sahotra Sarkar // [website](#), [PhilPapers](#)

4.26 University of Utah [[website](#)]

- Stephen M. Downes // [website](#), [PhilPapers](#)
- Melinda B. Fagan // [website](#), [CV](#), [PhilPapers](#)
- Matt Haber // [website](#), [PhilPapers](#)
- Jacob Stegenga // [website 1, 2](#), [CV](#), [PhilPapers](#)
- James Tabery // [website](#), [CV](#), [PhilPapers](#)

4.27 University of Wisconsin-Madison [[website](#)]

- Daniel Hausman // [website](#), [PhilPapers](#)
 - Specialties: Rational choice theory, game theory, the concept of measurement and health
- Elliott Sober // [website](#), [CV](#), [PhilPapers](#)
 - Specialties: Philosophy of evolutionary biology, confirmation, explanation, reductionism, modeling, probability and statistics, parsimony
 - Willing to work with new students? Yes
- Russ Shafer-Landau // [website](#), [PhilPapers](#)
 - Specialties: Evolutionary debunking arguments targeting morality
- Lawrence Shapiro // [website](#), [CV](#), [PhilPapers](#)
- Michael Titelbaum // [website](#), [CV](#), [PhilPapers](#)
 - Specialties: Bayesian epistemology

4.28 Washington University in St. Louis [[website](#)]

- Carl F. Craver // [website 1, 2](#), [PhilPapers](#)
 - Specialties: Philosophy of neuroscience, theories of explanation, philosophy of psychology, cognitive neuropsychology
 - Willing to work with new students? Yes
- Dennis DesChene // [website](#), [CV](#), [PhilPapers](#)
- Ron Mallon // [website](#), [PhilPapers](#)
- Anya Plutynski // [website](#), [PhilPapers](#)
 - Specialties: History and philosophy of biology, general philosophy of science, cancer biology, early 20th Century genetics, evolutionary theory, explanation, modeling.
 - Willing to work with new students? Yes

5 M.A. Programs

http://philbio.net/index.php/M.A._Programs

5.1 Concordia University, Montreal [[website](#)]

- Matthew Barker // [website](#), [CV](#), [PhilPapers](#)
- David Morris // [website](#), [PhilPapers](#)

5.2 Louisiana State University [[website](#)]

- Charles H. Pence // [website](#), [CV](#), [papers](#), [PhilPapers](#)
 - Specialties: History and philosophy of biology, foundations of evolutionary theory, chance and evolution, fitness, causation
 - Willing to work with new students? Yes

5.3 Oregon State University [[website](#)]

- Jonathan Kaplan // [website 1, 2](#), [CV](#), [PhilPapers](#)

5.4 Tufts University [[website](#)]

- Patrick Forber // [website 1, 2](#), [CV](#), [PhilPapers](#)

5.5 University of North Carolina at Charlotte (Ethics & Applied Philosophy) [[website](#)]

- Trevor Pearce // [website](#), [CV](#), [PhilPapers](#)

5.6 Virginia Tech [[website](#)]

- Benjamin Jantzen // [website 1, 2](#), [CV](#), [PhilPapers](#)
 - Specialties: Philosophy of Biology, Philosophy of Physics, General Philosophy of Science, Biophysics
 - Willing to work with new students? Yes
- Richard M. Burian // [website](#), [PhilPapers](#)
 - Specialties: Philosophy of Biology, History of Philosophy of Biology, History of Philosophy of Science, Science Studies
 - Willing to work with new students? Possibly; write to ask.

John MacFarlane's open source software [Pandoc](#) made the preparation of this document easier than it otherwise would have been.
